## NEW BOTOX ALTERNATIVES!

### GET READY FOR BANG-TOX!

Stylist Suki Duggan, owner of Donsuki Townhouse Salon in NYC, says instead of resorting to Botox, some people are opting to cover up their wrinkles with bangs, like Jada Pinkett Smith's blunt-cut fringe. "Bangs are an easy way to hide brow lines at a more affordable price," says Duggan. Average price? Just \$30!

### NONTOXIC TECHNOLOGY

To get the area between the eyes smooth like Debra Messing's, several surgeons, including NYC-based Dr. Joseph Eviatar, offer the REX treatment, which uses a needle to transmit radio frequency to the area, damaging the motor nerves that contribute to wrinkling. The \$1,500 procedure, which is awaiting FDA approval, can provide results for up to 18 months!
